GRAND RIVER SOLUTIONS

A Sample Decision-Tree

1. Nature of Complaint:

A complaint of sexual harassment in which the harassment was so severe and pervasive that it denied the complainant equal access to an educational program or activity, or denied the employee the equal ability to continue their work;

A complaint of Dating Violence, Domestic Violence, Stalking, or Sexual Assault;

A complaint of quid pro quo sexual harassment by an employee against a student.

If yes to one of the above, continue. If no, please see (name of basic sex harass policy).

β

2. Location:

The incident(s) occurred at school, within the United States;

The incident e incident(s) occurred in any building owned or controlled by a student organization that is officially recognized by a postsecondary institution, and within the United States;

The incident(s) was part of one of the school's programs or activities, such as part of a field trip or team athletic event, and within the United States.

If yes to one of the above, continue. If no, please see (name of basic sex harass policy).

3. The institution has substantial control over the respondent, meaning the Respondent is a student (whether applicant, admitted, or currently enrolled) or employee (applicant, hired but not yet working, or employed). In addition, the institution may have control over a respondent who is a contractor, an alum, or a vendor under certain circumstances.

If yes to one of the above, continue. If no, please see (name of basic sex harass policy).

4. Complainant is a student (whether applicant, admitted, or currently enrolled) or employee (applicant, hired but not yet working, or employed), or otherwise still accessing or attempting to access a university program or activity, within the United States.

If yes to one of the above, continue. If no, please see (go to basic sex harassment policy).

Mandatory Response to Each Report

- All reports, or those within scope of the Regs?
- Actual knowledge
- What about responsible employees?

Mandatory Response

1. Discuss support measures

2. Explain that support measures are available without filing formal complaint

3. Explain options for resolution and how to file

GRAND RIVER SOLUTIONS

Outreach

Mandatory response is floor, not ceiling

GRAND RIVER SOLUTIONS

Not Intended to be Punitive

- No default
- Case by case
- Document the connection to preserving equal access
- Document reason for any requested measures not implemented

Supportive Measures

Emergency Removal of Student

- High threshold
- Not a determination of responsibility
- Whether or not grievance is underway
- Individualized
- Immediate threat (physical)
- Opportunity to challenge

But is it a FORMAL Complaint?

Mandatory Investigation

GRAND RIVER SOLUTIONS

But Do You **START** the Investigation?

Does it meet the elements? If not,

Dismissing Complaints

MANDATORY

- Not sexual harassment
- Did not occur in program or activity

“Directly Related” and “Relevant Evidence”

What is Directly Related Evidence?

Directly Related

- “All relevant evidence”
- “any information that will be used during informal and formal disciplinary meetings and hearings” as used in Clery Act

Logical connection between the evidence and facts at issue

Assists in coming to the conclusion – it is “of consequence”

Tends to make a fact more or less probable than it would be without that evidence

Not Permitted

- “Questions and evidence about the complainant’s sexual predisposition or prior sexual behavior are not relevant,
 - unless such questions and evidence about the complainant’s prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or
 - if the questions and evidence concern specific incidents of the complainant’s prior sexual behavior with respect to the respondent and are offered to prove consent.”
- “require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.”
- Physical and mental health records and attorney-client privileged communications would fit within scope of this prohibition

The Investigator

Must be trained in accordance with the requirements in the regulations

Must conduct the investigation in an impartial manner, avoiding bias/pre-judgment, and conflicts of interest

Procedural Requirements for Hearings

Standard of proof used may be preponderance of the evidence or clear and convincing; standard must be the same for student and employee matters

Cross examination must be permitted and must be conducted by advisor of choice or advisor provided by the institution

You Need to Determine:

The Process

- Pre-hearing process, submission of evidence, opening statements, other statements, closing statements, findings, impact statements, etc.

The Players

- The roles of all participants

The Evidence

- Relevancy, exclusions, timing of submission, how to submit, and WHO DECIDES?

The Outcome

- Deliberations; Notice; manner and method communicated.

Hearing Logistics

GRAND RIVER SOLUTIONS

Opening Instructions by the Chair

- Set the stage
- Reiterate charges
- Reiterate rules and expectations
- Reiterate logistics for the day

This should be scripted and used consistently.

Opening Statements

- Permitted, but not required
- Policy should include purpose and scope
- If permitted, consider
 - Requiring submission prior to hearing
 - Word limit
 - Time limit

Testimony

GRAND RIVER SOLUTIONS

A photograph of a man in a brown jacket and glasses shouting into a white megaphone. The image is semi-transparent and serves as a background for the text.

Testimony

Procedures should be clear about:

- Order of/parties and witnesses
 - Could simply leave this up to the decision maker
- Order of examination
 - Questioning by the decision maker
 - Cross examination by the advisor
 - Will the advisor be permitted to question their own party?
 - Will there be a second round of questioning?
- Consistency is essential. Consider putting this all in your procedures.

Cross Examination

Who does it?

Must be conducted
by the advisor

If party does not
appear or does not
participate, advisor
can appear and cross

If party does not
have an advisor,
institution must
provide one

Cross Examination

Permissible Questions

Questions must be relevant

Not relevant

- Duplicative questions
- Questions that attempt to elicit information about
 - Complainant's prior sexual history
 - Privileged information
 - Mental health

Cross Examination

Role of the Decision Maker

Rulings by Decision Maker required after each question is asked by the advisor

Explanation only required where question not permitted

Being Trauma-Informed

Training your panel/adjudicators

- Asking questions
- Asking “why”
- Filtering questions of the parties

Preparing parties

- Reviewing the investigation report
- Sharing their story again
- Answering questions again

Other Decisions

Will you include Opening, Closing, or Impact Statements? NOT required, but you need to decide.

How will questioning take place? Direct cross examination, indirect?

How will questions be submitted?

Will there be any restrictions on questions that can be asked, such as due to relevancy, already asked and answered, unduly harassing?

If done remotely, how will the technology be set up?

If in person, room set-up and who is in the room?

GRAND RIVER SOLUTIONS

Final Report

- The allegations
- Description of all procedural steps
- Findings of fact
- Conclusion of application of facts to the policy
- Rationale for each allegation
- Sanctions and remedies
- Procedure for appeal

Preponderance of the Evidence

More likely than not

Does not mean 100% true
or accurate

A finding = There was sufficient reliable, credible evidence to support a finding, by a preponderance of the evidence, that the policy was violated

Mandatory Grounds for Appeal

- i. Procedural irregularity that affected the outcome;
- ii. New evidence that was not reasonably available when the determination of responsibility was made that could affect the outcome;
- iii. The Title IX Coordinator, investigator, or decision-maker(s) had a general or specific conflict of interest or bias against the Complainant or Respondent that affected the outcome.

Impartiality

WHAT DOES THIS *REALLY* MEAN?

GRAND RIVER SOLUTIONS

Impartiality: Avoiding Prejudgment and Bias

“The Department’s interest in ensuring impartial Title IX proceedings that avoid prejudgment of the facts at issue necessitates a broad prohibition on sex stereotypes so that decisions are made on the basis of individualized facts and not on stereotypical notions of what “men” or “women” do or do not do.”

Impartiality: Avoiding Prejudgment and Bias

Practical application of these concepts in investigations

Do not rely on cultural “rape myths” that essentially blame complainants

Do not rely on cultural stereotypes about how men or women purportedly behave

Do not rely on gender-specific research data or theories to decide or make inferences of relevance or credibility in particular cases

Recognize that anyone, regardless of sex, gender, gender identity or sexual orientation, can be a victim or perpetrator of sexual assault or other violence

Avoid any perception of bias in favor of or against complainants or respondents generally

Employ interview and investigation approaches that demonstrate a commitment to impartiality

Impartiality: Avoiding Bias

Department also rejected commenters' arguments that individuals should be disqualified from serving as investigators because of past personal or professional experience

"Department encourages [schools] to apply an objective (whether a reasonable person would believe bias exists), common sense approach to evaluating whether a particular person serving in a Title IX role is biased" WHILE

"exercising caution not to apply generalizations that might unreasonably conclude that bias exists (for example, assuming that all self-professed feminists, or self-described survivors, are biased against men, or that a male is incapable of being sensitive to women, or that prior work as a victim advocate, or as a defense attorney, renders the person biased for or against complainants or respondents"

Impartiality: Avoiding Conflicts of Interest

Commenters argued that investigators and hearing officers employed by schools have an “inherent conflict of interest” because of their affiliation with the school, so Department should require investigations and hearings to be conducted by external contractors

Department noted that some of those commenters argued that this resulted in bias against complainants, and some argued that this resulted in bias against respondents

Department’s response: Department’s authority is over schools, not individual investigators and other personnel, so Department will focus on holding school’s responsible for impartial end result of process, without labeling certain administrative relationships as per se involving conflicts of interest

Impartiality: Avoiding Prejudgment, Bias, and Conflicts of Interest

Bottom line

- Follow facts of every individual case
- Investigate in manner that will not allow even a perception of prejudgment or bias for or against any party
